Attn: Reserve Disposition Unit

In compliance with letter, your Headquarters, regarding my retention in an active status in the Army Reserve, it is requested that the following indicated action be taken:

☐ Transfer to the inactive status list of the Standby Reserve. I presently hold primary MOS: _____.

☐ Transfer to the inactive status list of the Standby Reserve upon recommendation of a Board of Officers.

☐ Transfer to Retired Reserve under paragraph _____, AR 140-160.

☒ Request that I be granted a waiver of the requirement for accruing the required retirement points during my last retirement year. The following condition(s) of hardship prevented my active participation in Reserve activities during that period. If waiver is granted, I will be able and willing to actively participate in Reserve activities in order to maintain an active status:

For the past three years since my separation from active duty my work has prevented my attending the necessary meetings.

Last spring I requested and received a transfer of MOS from 6301 to 6101 per Special Order 90, your headquarters, 9 May 1955. I expected to be notified which meetings that I was supposed to attend, I never received such notification. However, I would like to become active in this military Government unit. Due to my work as a Certified Public Accountant I may not be able to attend meetings regularly until after March. However, after that I would be happy to attend regularly.

3. Oaths of office of Army officers, officers of Women's Army Corps, nurses, warrant officers, flight officers, dietitians, and physical therapy aides should be taken before some civil officer who is authorized by the laws of the United States or by the local municipal law to administer oaths, or before an officer of any component of the Army of the United States on active duty in Federal service commissioned in or assigned or detailed to duty with the Judge Advocate General's Department, a staff judge advocate or acting staff judge advocate, the president of a general or special court martial, a summary court martial, the trial judge advocate, or any assistant trial judge advocate of a general or special court martial, the president or the recorder of a court of inquiry or of a military board, any officer designated to take a deposition, any officer detailed to conduct an investigation, or the adjutant, assistant adjutant (including a warrant officer when so serving), or personnel adjutant of a command. Officers of the Army other than those specified are not authorized by law to administer such oaths.
4. If the oath is administered by an Army officer, his authority to administer oaths under the preceding paragraph must be shown. If administered by a civil official, the oath must bear the official seal of the person administering the oath, or if he does not use a seal, his official capacity to administer oaths must be certified to under seal by a clerk of court or other proper local official.
5. Immediately on receipt of a commission or notification of appointment the appointee will, in case of acceptance of the commission or appointment, return to The Adjutant General the oath of office on this form properly filled in, subscribed, and attested. 34. REMARKS

Undersigned completed first year advanced Transportation Corps ROTC in June 1948. Upon enrolling in the ROTC in September 1948, I found that the TC ROTC unit had been deactivated. In view of this I elected to pursue the second year advanced QMC ROTC course which I will complete in June 1949. Inasmuch as my interest is centered primarily in the Transportation Corps, it is requested that I be commissioned in the TC-Reserve.

I have read paragraph 2, SR 600-220-1, 10 November 1948, and certify that I (have never) engaged in disloyal or subversive activities as defined therein.

(If separated prior to the end of the term: WF—withdrawn, passing; W—withdrawn, failing.) The original will be given to the trainee upon his separation from the AST Program. If the trainee is transferred to another AST unit for continuation in the AST Program, the original will be furnished to the unit to which he is transferred; upon his separation from the last unit, the transcript will be given to the trainee. The second copy will be forwarded, within 10 days after the trainee has been separated from the unit, to the Director, Army Specialized Training Division, The Pentagon, Washington 25, D. C. Re Latent Fingerprint Section Form 1-336 dated 12/18/75, and Seattle letter to the Bureau dated 2/3/76.

Re Seattle communication requests information as to why four individuals were considered suspects in captioned matter.

For information of Seattle, on 11/28/75, [] [] Drug Enforcement Administration, Washington, D. C., had telephonically contacted Associate Director N. P. Callahan and advised that there had been two recent plane crashes (one in the Georgia area and the other in Tennessee) in which drug trafficking was involved. [] felt there was the possibility that one of the individuals involved may be the unknown subject in captioned case, Also Known As Dan Cooper.

Investigation conducted through FBIHQ revealed that the four individuals stated in referenced Seattle communication were involved in these crashes. A physical descriptive comparison, as well as a fingerprint comparison were conducted with negative results.

Further investigation concerning these suspects does not appear warranted at this time.

[redacted] was contacted at the Fairbanks District Office, Bureau of Land Management (BLM), telephone number 452-4725. b6 b7C

[redacted] informed due to the fact that he has been employed for years as a smokejumper by the BLM, he has had a lot of curiosity type interest in the famous aircraft hijacking pulled off by D. B. COOPER. His interest has been magnified from time to time due to the newspaper publicity put out on this case. His interest has been profounded even more inasmuch as he has jumped into the area where D. B. COOPER allegedly jumped with the hijack loot and the fact that the news media reports this jump would have been very hazardous and most likely D. B. COOPER was killed during the jump. [redacted] stated this latter statement by the press is total hogwash. He informed that any experienced jumper could have jumped into the area involved without suffering any injury at all. He stated during his years of experience as a smokejumper, he has jumped with hundreds of guys who could have performed this jump. b6 b7C

[redacted] informed that during the late [redacted] and early [redacted], he worked with a smokejumper employed by BLM by the name of [redacted]. He informed they worked together in Washington State during the late [redacted] and were both assigned to the Fairbanks, Alaska district office in the early [redacted]. He stated he lost track of [redacted] during the late [redacted] when [redacted] b3 b6 b7C

[redacted] He last saw [redacted] in 1971 at a retirement party at the smokejumper base in Washington State. [redacted] drove up in a brand new car, dressed very well, and looking quite prominent. He spoke briefly with [redacted] talked a little bit about old times, and [redacted] commented that he was doing quite well and was working at the Tacoma Navy Shipyards.

[redacted] stated that [redacted] who was [redacted] of BLM at the Fairbanks District Office, and is now with BLM in Washington, D.C., had once told him that he heard [redacted] b6 b7C

[redacted] He and [redacted] discussed this fact and the D. B. COOPER hijacking case and between them derived that [redacted] could be reduced to D. B. COOPER. They both agreed that if [redacted] was involved in such a caper, he would be just the one to think of using this alias. He stated that [redacted] is the daredevil type and [redacted] just to prove a point of his daring to the other men.

b6
b7C

[redacted] stated that he did not go to the FBI with this information inasmuch as [redacted] stated he had discussed this with the FBI and had furnished all information regarding his knowledge of [redacted] further related to him that he had furnished [redacted] name as a possible suspect in this matter when he was interviewed by the FBI. Both he and [redacted] agreed that if there was such a thing as a statute of limitations on the crime, and [redacted] had been involved, he would brag publicly about it upon expiration of the statute of limitations. He was just that type of individual. Further, the artist conception of D. B. COOPER that was circulated just after the crime was very, very similar to [redacted] appearance.

b6
b7C

[redacted] informed that in the event [redacted] has not been checked out by the FBI and additional information might be sought regarding him, he would be able to furnish the names of other individuals who were acquainted with and had knowledge of [redacted] One such individual who comes immediately to his mind is [redacted] who is now employed by BLM at [redacted] Winthrop, Washington.

b6
b7C

[redacted] reiterated that his reason for not coming forth with this information was as he had related; merely that it was discussed openly between himself and other people, and he was told that it had been reported to the FBI.

A: As far as positive information, I do not know. A SSG [redacted] b7C [redacted], who was assigned to the Everett Recruiting Station, Washington State, at the same time as myself, is a master jumper and possesses the knowledge of leaving an aircraft in the manner the incident took place. He was on leave at the time the incident [redacted] place and returned a few days after the incident. I thought nothing about it, until the description of the hijacker was placed on television. The description of the hijacker met that of [redacted] to include the age. I approached [redacted] and in a joking manner asked him where he was on leave and what he did with the money. He told me that he had gone alone into Canada to look at some land and that he knew nothing about the incident.

A: Yes, he still is on active duty. He is now an SFC and is assigned for duty in USAREUR Headquarters, located in Heidelberg, Germany. His telephone numbers are Heidelberg Military [redacted] I know [redacted] and do not think that he did it, but it was just a joke between him and me since he was on leave alone at the time and met the description of the person shown on television.

A: No, I never [redacted] did tell [redacted] that I worked with a person [redacted] who met the defendant [redacted] and had the knowledge and was on leave at the time of the incident by himself. That is all I told [redacted]

Before he asked me any questions about the offense(s), however, he made it clear to me that I have the following rights:

1. I do not have to answer any questions or say anything.
2. Anything I say or do can be used as evidence against me in a criminal trial.
3. (For personnel subject to the UCMJ) I have a right to talk to a lawyer before or after questioning or have a lawyer present with me during questioning. This lawyer can be a civilian lawyer of my own choice at my own expense or a military lawyer detailed for me at no expense to me. Also, I may ask for a military lawyer of my choice by name and he will be detailed for me if his superiors determine he is reasonably available.
3. (For civilians not subject to the UCMJ) I have a right to talk to a lawyer before or after questioning or have a lawyer present with me during questioning. If I cannot afford a lawyer and want one, arrangements will be made to obtain a lawyer for me.
4. If I am now willing to discuss the offense(s) under investigations, with or without a lawyer present, I have a right to stop answering questions at any time or speak to a lawyer before answering further even if I sign the waiver below.

SWORN STATEMENT

LOCATION Heidelberg, Germany	DATE 9 Jun 77	TIME 1340	FILE NUMBER 567-77-0151
LAST NAME FIRST NAME MIDDLE NAME	SOCIAL SECURITY NUMBER.	GRADE/STATUS SFC E-7	
ORGANIZATION OR ADDRESS ODCSOPS, HQ, USAREUR & 7th Army, APO NY 09403			b6 per USCRC b7C

WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

I have been advised that I am being questioned concerning the hijacking of a Northwest Orient Airlines aircraft, Flight #305 from Portland, Or to Seattle, Washington, which occurred on 24 Nov 71.

Q: Would you relate all assignments you have had from 1970 to the present?

A: In 1970 I was assigned to the 3/8th Cav at Coleman Barracks in Mannheim, Germany, until Apr 71. From May 71 until Jul 74 I was assigned to the US Army Recruiting Station in Everett, Washington. I was the Station Commander.

Q: Did you take a leave in November 1971 while assigned in Everett?

A: No.

Q: Were you away from your station on Temporary Duty in Nov 71?

A: No.

Q: Did you ever take a leave to Canada?

A: Yes. During the summer of 1973, I took a leave to Canada. I think it was for 18 days. My mother and father-in-law were visiting from Germany, therefore I took a leave to Canada. We only stayed there about three or four days.

Q: Are you a qualified parachutist?

A: Yes.

Q: To what degree are you a parachutist?

A: I am a novice parachutist. Military only. I have not practiced sports parachute jumping. I am also jumpmaster qualified. That means I have had additional extensive training, but I am not a senior or master parachutist.

Q: Have you ever flown from Seattle, Washington to Portland, Oregon or vice versa.

A: No.

Q: Earlier when you were first informed that you were to be questioned about the hijacking between Portland and Seattle in 71, you commented something about "my friend D.B. COOPER", will you explain?

A: D.B. COOPER is not my friend. I don't even know him. I made the comment because I was in Wahiawha, Washington when the hijacking occurred and read the newspapers reports about it. Another Sergeant who was assigned to the same station, had seen a sketch or a composite picture of the hijacker in the newspaper, the one which depicted D.B. COOPER, and told me that I looked exactly like the man portrayed in the sketch, to include the height and weight. I don't know if [redacted] told someone about it or not. Someone else I mean.

Q: Do you have any knowledge of the hijacking other than that what was [redacted]

For the information of the Bureau and receiving offices, the Application for Work Card filled out by Jack Scott Farmer at Reno, Nevada, on 5/31/68, reflects that Farmer apparently utilized an alias of Jack Scott Ponticelli. He, also, listed as arrest in 1965 for "Possion" by the El Dorado County Sheriff's Office, apparently at Tahoe City, California. This arrest may have been for possession of an illegal substance, as Farmer received probation and a fine which he listed as a disposition. Due to the illegible copy received, further information concerning this arrest and use of the aka could not be determined.

The Bureau is requested to search the Identification Division files for a fingerprint card of Jack Scott Ponticelli which may be identical to Farmer.

THE CRIME

On November 24, 1971, a lone white male boarded Northwest Orient Flight #305 at Portland, Oregon. At approximately 3:22 P.M., while the flight was en route to Seattle, Washington, he indicated to the stewardess that his brief case contained a bomb which would blow up the plane unless his demands were met.

The hijacker demanded \$200,000 and four parachutes in exchange for the safety of the 36 passengers aboard the plane. When the aircraft landed at Seattle, Washington, Northwest Orient Airlines complied with his instructions. After he received the parachutes and the money, the hijacker allowed all passengers and two airline stewardesses to deplane.

He then ordered the remaining crew members into the first-class section of the aircraft and informed them he desired to fly to Mexico City. The hijacker instructed that the plane proceed in a southerly direction and fly at a low altitude and slow speed which would enable the rear door of the plane (Boeing 727) to be opened during the flight.

The hijacker apparently bailed out somewhere between Seattle, Washington, and Reno, Nevada, where the plane landed to refuel. It was determined the hijacker, two parachutes, and the ransom money had disappeared when the plane was inspected at Reno, Nevada.

Artist conception drawings of the aircraft hijacker were prepared by the FBI Exhibit Section and are considered a reasonable likeness. The black and white composites were prepared initially and sometime later the color composites were prepared to depict the hijacker's complexion and age more graphically.

The hijacker is described as follows:

Race	White
Sex	Male
Age	Mid 40's
Height	5'10" to 6'
Weight	170 to 180 lbs.
Complexion	Olive, Latin appearance, medium smooth
Hair	Dark brown or black, parted on the left combed back
Eyes	Possibly brown, during later part of flight the hijacker put on dark wrap-around sunglasses with dark rims
Voice	Low, spoke intelligently, no particular accent
Characteristics	Smoked Raleigh filters type cigarettes
Wearing Apparel	Black or brown suit; narrow black tie (clip on type); black rain type overcoat or dark top coat; dark briefcase or attache case; carried a paper bag - 4 x 12 x 14 inches; brown shoes
Remarks	Very polite at all times

RICHARD FLOYD MC COY, JR.
CRIME ABOARD AIRCRAFT -- HIJACKING;
INTERFERENCE WITH FLIGHT CREW MEMBERS

Synopsis: On April 7, 1972, an individual boarded United Air Lines (UAL) Flight 855, a Boeing 727 from Newark, New Jersey, to Los Angeles, California, at Denver, Colorado. Approximately 15 to 20 minutes after take off, the individual was observed to be holding a hand grenade and a gun. The stewardess delivered messages of instruction to the pilot. Instructions included diverting airplane to San Francisco, California, where UAL was suppose to have \$500,000 in cash and four parachutes available. Instruction envelope contained one hand grenade pin and a bullet. Aircraft landed at San Francisco where the hijacker's demands were met. All passengers and part of crew were permitted to deplane. The pilot was then ordered to take off immediately. The pilot felt a slight surge of the airplane in the vicinity of the Provo, Utah, Airport and thought the hijacker must have jumped out. Information was received that a possible suspect in the case might be Richard Floyd Mc Coy, Jr. Mc Coy was positively identified as the hijacker through handwriting comparisons and fingerprints located on UAL "Mainliner Magazine" found in seat occupied by hijacker. Mc Coy was arrested on April 9, 1972, after being charged in a complaint with violation of Section 1472(i)(1), Title 49, U. S. Code, Aircraft Piracy, and Section 1472(j), Title 49, U. S. Code, Interfering With Flight Attendant. On July 10, 1972, Mc Coy appeared in U. S. District Court and was sentenced to a period of 45 years in the custody of the Attorney General.

RICHARD FLOYD MC COY, JR.
CRIME ABOARD AIRCRAFT - HIJACKING;
INTERFERENCE WITH FLIGHT CREW MEMBERS

On April 7, 1972, United Air Lines Flight 855, a Boeing 727 en route from Newark, New Jersey, to Los Angeles, California, via Denver, Colorado, had just completed a routine stop at Denver and was once again in flight.

Approximately 20 minutes after take off, an unidentified man was observed to be holding a hand grenade and a gun. He sent the grenade pin and a bullet to the pilot with instructions that the plane be diverted to San Francisco, California. The stewardess was the messenger, and on numerous occasions instructions were sent from the hijacker to the pilot.

The pilot was instructed to land at the San Francisco International Airport and to park at Runway 19-Left, along with specific instructions as to refueling the aircraft and distance that all vehicles should be kept from the aircraft. The instructions also demanded \$500,000 and four parachutes and that all notes be returned to the hijacker.

After considering the safety of the passengers, crew and airplane, United Air Lines decided to meet the hijacker's demands. Two flight bags were filled with cash and were delivered to the hijacker, along with the parachutes he had demanded.

After the hijacker had determined the money and other items had been properly prepared, he permitted the passengers and part of the crew to deplane.

The pilot was then instructed to taxi to the active runway and take off. They were to head east and climb to 14,000 feet. The cabin was to be depressurized and the pilot was to fly to predesignated locations. The instructions from the hijacker began to take on the appearance of flight plans and they were delivered with increasing frequency, still using the stewardess as the messenger.

The hijacker covered the peephole from the cockpit into the cabin and then began to change clothes into a jumpsuit, helmet, boots and parachute, which he did with the ease that comes with long hours of practice. Following these preparations, instructions were given that he be kept advised as to ground speed, flight speeds, wind speeds, altimeter settings and sky conditions. His last instructions were to go to Fairfield, Utah, Price and Grand Junction, after that he was not seen again. The pilot felt a slight surge of the airplane in the vicinity of the Provo, Utah, Airport, and thought the hijacker had jumped, so he sent the stewardess into the passenger compartment to verify his departure.

After the After having determined the hijacker had actually left the airplane, the pilot then returned to the Salt Lake City International Airport, where the airplane was examined and searched for evidence. The evidence located contained some items that would later be very important in the positive identification of the hijacker. Included in the evidence was a copy of United Air Lines "Mainliner Magazine", which was located in the seat occupied by the hijacker, and also found was a hand printed note from the hijacker which read as follows: "Everybody off now except the stewardesses. They stay put. Get the hell off the GD. Be quick about it -- use this runway."

The above items, along with all of the items of evidence, were submitted to the FBI Laboratory in Washington, D.C., for examination. A search of the vicinity of the Provo, Utah, Airport was instituted because it was felt the hijacker had bailed out in that area. It was there that the only casualty of the case occurred.

It was approximately 2:00 a.m. on April 8, 1972, and Special Agents of the FBI, working together with Provo City Police, Utah County Sheriff's Office and Sheriff's Possee lined up approximately 20 to 30 yards apart and began combing

the area. The airport area was badly overgrown with weeds and made a perfect hiding place for pheasants and other small animals. One of the FBI Agents, after having had several pheasants fly up from under his feet, heard the brush in front of him rustling. He turned his flashlight on just in time to see the back end of a skunk. The skunk, being a good shot, made a direct hit, putting the Agent out of commission.

After an all night search, neither the hijacker, his parachute nor the extortion money had been located. It was then that a telephone call came into the Salt Lake City Office of the FBI. The caller advised he had an acquaintance who on several occasions had talked of the perfect plan for hijacking an airplane. This caller advised that his friend was Richard Floyd Mc Coy, Jr., who was a Vietnam veteran, a helicopter pilot and an avid sky diver. Mc Coy was reportedly a member of the Utah Air National Guard and a student at the Brigham Young University, where he was studying police science. Coincidentally, the "perfect hijacking plan" discussed by Mc Coy was almost identical to the plan implemented by the hijacker in this instance.

Following the suggestion of the name Richard Floyd Mc Coy, Jr., as a suspect in this matter, the St. Louis Division of the FBI was telephonically contacted and was requested to

cause an immediate search of any Army records under Mc Coy's name in an effort to locate any hand printing and handwriting of Mc Coy. This was done and the writing samples were forwarded to the FBI Laboratory in Washington, D. C.

At this point, it was felt an interview of Mc Coy might prove beneficial. Mc Coy was located and interviewed at the Army Operations Center at the Salt Lake City Airport and during the interview he denied any participation in or knowledge of the hijacking. He did, however, furnish the interviewing Agents with a sample of his hand printing. The message-"Everybody off now except the stewardesses. They stay put. Get the hell off the GD. Be quick about it -- use this runway" was dictated to him and he printed it. This message was sent to the FBI Laboratory in Washington for comparison with the message found on the airplane. Mc Coy continued to claim innocence as was released.

Meanwhile, the Laboratory in Washington had been busy with the evidence they had already received. An expert in handwriting had compared the note found on the airplane with Mc Coy's known writing samples which had been obtained from military service records. It was determined that Mc Coy had written the note. Fingerprint experts had compared latent prints with Mc Coy's fingerprints and it was determined that a print on the "Mainliner Magazine" in the seat occupied by the hijacker was made by Mc Coy.

On April 9, 1972, a complaint was filed charging Richard Floyd Mc Coy, Jr. with violation of Section 1472(i)(1), Title 49, United States Code, Aircraft Piracy, and Section 1472(j), Title 49, United States Code, Interference With Flight Attendant.

Mc Coy was arrested on April 9, 1972, but he refused to discuss the hijacking. Following his arrest, a search warrant was issued and his house was searched. The following are some of the items found during the search:

1. One parachute, blue and white with red trim.
2. One black helmet, crash type, with white strap snap on back.
3. One large cardboard box containing various items of clothing, a pistol, holster and a black glove.
4. A military pineapple-type grenade, green and yellow in color, with the pin and spoon removed.
5. United States currency totaling \$499,970.

On July 10, 1972, Richard Floyd Mc Coy, Jr. appeared in United States District Court and was sentenced to a period of 45 years in the custody of the Attorney General.

VIRGINIA BEACH (AP) — Richard Floyd McCoy and Melvin Dale Walker kept to themselves when they were staying in the ranch-style house they rented in a peaceful subdivision here.

Neighbors had little contact with the two, except for an occasional passing greeting or a friendly wave as McCoy jogged through the neighborhood. One of the men once offered to help fix a neighbor's car.

across the street on the second floor of a two-story home when McCoy and Walker came home about 11:30 p.m. Saturday.

EX-GREEN BERET

McCoy, 31, a former Sunday school teacher and Green Beret who flew a helicopter in Vietnam, went to the front door of the house. Walker drove away, apparently to survey the neighborhood.

"McCoy opened the front door and at that point an agent inside identified himself and told him to hold it and then to come in," said FBI spokesman John Coneys.

"After about a split second, he pulled his revolver," Coneys said. "He got one shot off, and the agent returned fire. It blasted him right out the front door."

McCoy's single shot missed the agent and imbedded itself in a wall. Coneys said McCoy was hit once by a shotgun blast.

WEAPONS IN CAR

Outside, Walker was just returning to the house when the shooting started, Coneys said. Walker, who had been added to the 10-most-wanted list less than a month ago, sped away, but was arrested minutes later.

"Two units pulled him over at gunpoint," Coneys said. "He had two loaded weapons in the car, but he chose to surrender."

Walker, 35, was taken to the Pmrtsmouth jail to await arraignment today.

McCoy had been a Mormon Sunday school teacher and had attended Brigham Young University as a law enforcement major before becoming a Green Beret.

45-YEAR SENTENCE

But in April 1972, armed with a grenade, McCoy took over a United Air Lines 727 shortly after the plane had left Denver for Los Angeles. The flight was diverted to San Francisco, where passengers were allowed to leave and \$500,000 in ransom and parachutes were placed aboard.

McCoy bailed out near Provo, Utah. He was arrested at his home in Provo three days later and all but \$30 of the money was recovered. He was sentenced to 45 years in prison.

McCoy and Walker, along with two other inmates, fled from the federal prison at Lewisburg, Pa. on Aug. 10, smashing to freedom through two chain link fences in a commandeered garbage truck despite a deluge of bullets. The other two escapees were recaptured a short time later.

Both McCoy and Walker had been named in one federal bank robbery warrant involving a \$15,000 holdup in the eastern North Carolina town of Pollocksville, — and agents indicated Walker may be charged with other bank robberies.

Dear [Redacted]

This letter will confirm in writing a telephone conversation between you and Special Agent [Redacted] on August 6, 1980. Furthermore, this letter is in regards to a letter from the Seattle Division of the Federal Bureau of Investigation to you, dated June 18, 1980, which concerned the "D. B. Cooper" hijacking case.

On July 29, 1980, the Seattle FBI Office received from you a set of inked fingerprints (right and left thumb) of one Jack Scott Farmer, Date of Birth May 22, 1944. These fingerprints were forwarded to the Identification Division of the FBI at Washington, D. C., and were compared with the latent fingerprints located on the skyjacked aircraft. On August 6, 1980, the Identification Division telephonically contacted the Seattle Division to advise that the comparison had been completed and that the prints of Farmer do not match the latent fingerprints from the aircraft.

The original fingerprints which you provided the FBI will be returned to you by separate communication. Your assistance in this investigation is greatly appreciated.

Very truly yours,

On July 29, 1980, the Seattle FBI Office received from you a set of inked fingerprints (right and left thumb) of one Jack Scott Farmer, Date of Birth May 22, 1944. These fingerprints were forwarded to the Identification Division of the FBI at Washington, D. C., and were compared with the latent fingerprints located on the skyjacked aircraft. On August 6, 1980, the Identification Division telephonically contacted the Seattle Division to advise that the comparison had been completed and that the prints of Farmer do not match the latent fingerprints from the aircraft.

The original fingerprints which you provided the FBI will be returned to you by separate communication. Your assistance in this investigation is greatly appreciated.

Very truly yours,

Paul L. Mack

[redacted] who being made aware of the identity of the interviewing agent and the nature of the interview, advised as follows:

[redacted] stated that he has had a continuing interest in the D. B. Cooper affair since its occurrence because of the news media conjecture that Cooper possibly was a parachutist and that he had been a paratrooper. He said that the fact of his being a former paratrooper and his resemblance to the artist conception of Cooper has brought comments from fellow [redacted] such as, [redacted] "are you sure you are not Cooper?". When the interviewing agent advised [redacted] that he was there as a result of an anonymous phone caller, [redacted] said, "oh, the caller was probably [redacted]"

[redacted] commented about a recent article in the Parkersburg Newspaper which told of pieces of the extortion money being found. He said it was probably placed there as a "decoy". He asked the interviewing agent if the Federal Bureau of Investigation (FBI) had obtained fingerprints of Cooper and if the FBI were certain that Cooper had actually parachuted, instead of hiding himself on the plane. Also, when the mechanics of the alleged jump were discussed, [redacted] stated that the jump was certainly possible, that the speed of the plane and the altitude of it would be no factor. He said that he, as a United States Army Paratrooper, had made 30 jumps; one jump, according to him, was made from a plane flying at 300 miles per hour.

[redacted] advised, when he was told by the interviewing agent of his similarity to Cooper, that he is not Cooper and that he had been no farther West than Iowa. He did admit, however, to considerable travel, including flying to various places, but mostly, he said, East of the Mississippi. He said that he once had a passport to Newfoundland, and; more recently, he said he made an application for a passport to Saudi Arabia.

[redacted] who being made aware of the identity of the interviewing agent and the nature of the interview, advised as follows:

b6
b7C

[redacted] stated that he has had a continuing interest in the D. B. Cooper affair since its occurrence because of the newsmedia conjecture that Cooper possibly was a parachutist and that he had been a paratrooper. He said that the fact of his being a former paratrooper and his resemblance to the artist conception of Cooper has brought comments from fellow [redacted] such as, [redacted] are you sure you are not Cooper?". When the interviewing agent advised [redacted] that he was there as a result of an anonymous phone caller, [redacted] said, "oh, the caller was probably [redacted]"

b6
b7C

[redacted] commented about a recent article in the Parkersburg Newspaper which told of pieces of the extortion money being found. He said it was probably placed there as a "decoy". He asked the interviewing agent if the Federal Bureau of Investigation (FBI) had obtained fingerprints of Cooper and if the FBI were certain that Cooper had actually parachuted, instead of hiding himself on the plane. Also, when the mechanics of the alleged jump were discussed, [redacted] stated that the jump was certainly possible, that the speed of the plane and the altitude of it would be no factor. He said that he, as a United States Army Paratrooper, had made 30 jumps; one jump, according to him, was made from a plane flying at 300 miles per hour.

b6
b7C

[redacted] advised, when he was told by the interviewing agent of his similarity to Cooper, that he is not Cooper and that he had been no farther West than Iowa. He did admit, however, to considerable travel, including flying to various places, but mostly, he said, East of the Mississippi. He said that he once had a passport to Newfoundland, and; more recently, he said he made an application for a passport to Saudi Arabia.

[redacted]
[redacted] Charlottesville, Virginia, was shown four artists' composites, two black and white and two colored, depicting the individual known as D. B. Cooper who skyjacked Northwest Orient Flight Number 305 on November 24, 1971. [redacted] viewed the four artists' composites and stated in her judgment, the black and white artist's composite without the sunglasses looks just like [redacted] John Scott Maze, who died of a heart attack in November, 1974, in Scottsdale, Arizona, at the age of 59.

She noted in addition to the information she furnished to the Federal Bureau of Investigation, Charlottesville, Virginia, on April 11, 1980, John Scott Maze did smoke cigarettes of the filter type but she could not recall the brand.

She also noted he was always extremely polite, even to her whom he did not care for at all.

She noted the composite she identified as looking just like John Scott Maze, looked like him without the "David Niven" type mustache he always wore.

She also recalled he always talked at a low modulation as he had an adversity towards loud noise. She added, she talks loud and that was one of the things Maze did not like about her.

[redacted] advised she has papers and photographs stored away and if she locates anything which would be of further value to the Federal Bureau of Investigation concerning Maze, she will contact the interviewing Agent and furnish it to him.

b6
b7c

In conclusion she stated in her judgment, the composite picture she identified is a picture of John Scott Maze, and Maze's complexion was even more tan than the complexion depicted in the colored composites when she last saw Maze in person in 1972.

She further stated he knew airplanes inside and out and could fly. She advised he did fly various kinds of aircraft although she did not know if he had a flying license of any kind. She added he could fly a helicopter, and on one occasion when he read about a bank robber being arrested for a robbery, he explained what the robber did wrong and how he would have done it.

She noted he stated he would have used a helicopter to make his escape after the robbery.

[] also stated in 1967 or 1968, Maze spent a year in San Diego during which time he took sky diving lessons. She was unable to furnish the address where Maze resided during that year, but she noted [] who currently resides in Phoenix, Arizona, visited Maze in San Diego during that time and she would know.

[] continued, Maze had received a less than honorable discharge from the United States Army during World War II for being a "neurotic".

[] related that in 1970, Maze made a down payment on a hotel in the southern section of the state of Washington, near the state border. She could not recall the name of the town where the hotel was located but did recall it was a small town and the town had the same name as a city located in Arizona.

She continued, in 1972, Maze paid off the debt owed on the hotel and he later sold it prior to his death. She noted the person or persons who bought the hotel are currently making payments on the debt to Maze's estate for which [] who resides in Phoenix, Arizona, collects the payments and distributes the payments among []

[] added, Maze did not have any savings or means of income and it puzzled members of the family as to how Maze could purchase the hotel and live so well.

She noted he bought expensive clothes, jewelry, etc., and always had new vehicles, including campers, which he used when he went off into the wilderness of Oregon and Washington. [] noted Maze also owned some property in Florida and Arizona.

b6
b7C

She added when he was fired from AiResearch in the early 1960's, he did not have any savings or assets and there was not any family wealth.

[] further related that in 1972, Maze visited [] in Charlottesville, Virginia, at which time he had a new Chevrolet Elcamino pickup truck with a sleeping camper on the back. She emphasized Maze was an avid camper at home and in the wilderness by himself.

b6
b7C

She also related Maze exercised and took care of his health, having quit drinking for approximately eight years. She noted in 1972, although approximately 57 years of age, he looked about 35 years old in appearance. She added, he did not have any age wrinkles but did have some small "laugh wrinkles at the corner of his eyes" which were not real prominent.

She described him as follows:

Complexion	Tan
Height	Approximately 5 feet 10 inches to 5 feet 11 inches
Weight	Approximately 165 pounds
Hair	Full head of dark brown hair which was fine in texture
Eyes	Blue

[] continued in appearance Maze looked like "a young David Niven", the movie star, and wore a mustache like Niven. She added, Maze was a secretive and very methodical person who never did anything impulsively. She explained if Maze was going to buy a vehicle, he took several months to decide on which vehicle to buy and he would even go so far as to study the vehicle on blueprint, test run it, and check it over completely before deciding.

She added he always thought things out completely before acting. In her judgment Maze was extremely intelligent and could do anything he set his mind to do.

[] also related when Maze [] Charlottesville, Virginia, in 1972, he would not sleep in a bed, and he slept on the floor in the bedroom made available to him.

b6
b7C

She added, Maze was born in Kane, Pennsylvania, in September, 1915, where he was raised by a mother and a grandmother after the death of his father when he was very young.

[] further related, Maze had stipulated in his will that upon his death, he was not to be embalmed, he was to be put in a pine box and buried as soon as possible so that he could rot as soon as he could.

b6
b7C

She added, to her knowledge, Maze's wishes were carried out and he was buried in the East-Resthaven Cemetery in Scottsdale, Arizona, by Carr Mortuary, 26 East Fifth Street, Tempe, Arizona.

[] reiterated, the composite she observed on the television program "In Search Of" for D. B. Cooper is identical to [] John Scott Maze, minus his mustache.

[redacted] was contacted at his residence, [redacted] at
which time he provided the following information:

b6
b7C

Sometime during the last week of August, 1980 or the first week of September, 1980 he observed a television program entitled "In Search Of" and it probably was on a weekend when the program was broadcast on local television. The program consisted of a review of an airplane hijacking that occurred between Portland, Oregon and Seattle, Washington in approximately November, 1971. The name of the individual involved in the hijacking was D. B. COOPER and during the program a composite drawing of D. B. COOPER was shown.

Immediately upon viewing the composite drawing of D. B. COOPER it reminded him of an individual he had served with on active duty in the United States Marine Corps. In the past he had seen numerous newspaper articles and television programs concerning the hijacking case but had never seen a composite drawing of D. B. COOPER.

Immediately upon seeing the composite drawing of D. B. COOPER, he began looking through a photo album of the 251st Marine Fighter Squadron that he had served with. On page [redacted] of the photo album he located a photograph of a [redacted] who is very similar in appearances to the composite drawing of D. B. COOPER shown on the television program. He subsequently obtained a copy of a paperback book entitled "Great Unsolved Crimes" from the public library in Sidney, Montana. The book is published by Scholastic Book Services, New York City, and was written by LOUIS SOLOMON. Page four of the book contains a composite drawing of D. B. COOPER with sun glasses and is also very similar in appearances with the [redacted] who served with the 251st Marine Fighter
